General Comments
The Quality Assurance Monitor (QAM) attended the facility to conduct a monitoring inspection. Upon arrival, no children or staff were present at the facility. A member of the community who was present in the parking lot advised the QAM that the children and educators were spending the day at a local park. As the program was operating off-site, the monitoring inspection could not be completed at that time. The QAM will return at a later date and time to conduct the inspection.
