| General Comments |
| <p>This was the first monitoring visit since the facility opened. The space is clean, bright and nicely set up for the school age children. The children were participating in a wide range of activities during my visit. Some of the children were making a fort, drawing pictures, playing with the doll house and cars. Once all the children arrived and had snack the children went outside sliding.</p> <p>The educator was engaged and attentive to the children's needs and offered suggestions on what the children could do with materials in the room.</p> <p>The children seemed comfortable in this space.</p> <p>Reminded the educator monthly fire drills needs to be completed.</p> |
