General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this morning including building with blocks, open ended art, outdoor play and dramatic play. The infants were observed exploring materials within their environment, transitioning to outdoor play and eating lunch. Purposeful planning is evident through documentation, invitations and materials added to the environments that support the children's current interests (bubbles, vehicles, weather, and the community).

Handwashing routines were observed during washroom routines and before mealtimes.

Monthly fire drills are documented.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

New staff file (5) review was completed. Signed statement missing from one staff file. To be added. Ensure that documents in staff file are legible as some dates on Criminal Record and Social Development checks could not be read.
