General Comments

Monitoring inspection:

Children and educators observed engaged in a variety of activities this morning including reading stories, exploring with magnetic blocks, sensory opportunities and outdoor play. Purposeful planning is evident through documentations, invitations and materials added to the environments that support the children's interests. (Vet, sensory, family, pets and building.)

During inspection Tylenol was observed to be unlocked in Room #7 on high shelf. Ensure all medications are stored in a locked area. QA Monitor discussed with staff on site and medication was locked during inspection.

Handwashing routines were observed during washroom routines and before mealtimes.

Monthly fire drills are documented.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

New staff file (7) review was completed. ECE certificate missing from one staff file. To be added.

Ensure that documents in staff file are legible as some dates on Criminal Record and Social Development checks could not be read.
