General Comments
<p>Regular monitoring inspection was performed on this date.  Children were enjoying the morning in the outdoor play space. All children were dressed appropriately for the weather. Play materials were varied and sufficient for the amount of children in the space. Children were digging holes and playing with balls, tractors and the mud kitchen. First aid kit was available in the outdoor play space. Indoor play space was clean and well maintained. Infant information sheets and attendance are being filled out but some information was missing. All information within the infant sheets must be maintained and up to date. New staff files were reviewed and contained all required documentation.  Positive behaviour strategies were observed throughout the monitoring inspection.</p>
