General Comments
<p>This is the operator's first monitoring inspection since becoming licensed.</p> <p>Children were observed finishing snack and playing indoors.</p> <p>The operator has two new children transitioning. She displayed lots of patience when children required extra comfort and reassurance. She sat with the children and slowly moved over to the play area to introduce them to the toys. The operator and children sang their good morning song and built with blocks.</p> <p>The children listened to a story and the operator pointed out foods and colors on the pages. An idea would be to move the posters lower on the wall so children can view them better.</p> <p>The children enjoyed dancing to songs that had actions and the operator danced along.</p> <p>There are family pictures posted on the wall. Please continue to add to the walls- children's artwork and photos of the children participating in the planned programming.</p>
