**General Comments**

Monitoring Inspection:

Children and educators observed during indoor play, outdoor play, transition times, and snack this morning. Educators observed engaging in meaningful conversations at the children's level. Each environment is set-up with a variety of invitations and materials for the children to explore freely.

Documentation that highlights the children's current interests and learning experiences is displayed throughout each environment. Documentation includes webs, photos, children's open-ended art pieces, children's words and learning stories.

Discussed examples of art opportunities for infants with educators. Recommended starting with basic mark making materials and paper and gradually incorporating more materials.

Diaper changing procedures were followed during inspection.  
Hand washing routines were observed.  
Monthly fire drills are documented.  
One new staff file reviewed. All required documents in place.
