General Comments
<p>Monitoring Inspection:</p> <p>First monitoring inspection conducted since the after school program opened.</p> <p>Children observed engaged in play this afternoon both indoors and outdoors. Handwashing routines observed.</p> <p>QA Monitor discussed Purposeful Planning with educator during inspection. Purposeful planning to be visible through invitations, materials added to the environment and planned activities that support the children's interests. Purposeful planning to be documented on a weekly/monthly planning sheet, or in a binder. (Examples of documentation that can be included in binder - webs, photos, questions, learning stories, open ended art pieces)</p> <p>Next steps:</p> <ul style="list-style-type: none"> - Setting up room with different interest centres, dividing room in a way that eliminates the large open space in centre, to prevent running in indoor play area. - Moving open ended art materials down to children's level to allow free access to materials. - Adding costumes to Dramatic Play Area. <p>Operator Manual - Appendix 24 - Equipment and Materials for School-Age Children - recommend printing this document and using with staff as a resource.</p>
