General Comments

The Quality Assurance Monitor conducted an on-site monitoring inspection.
Child-to-staff ratios were maintained throughout the visit.

During the inspection, the monitor verified the following:
-Daily activities provided for the children
-Child guidance practices in place
-Materials and equipment available in the indoor play area

Additionally, the Quality Assurance Monitor observed children engaged in outdoor play, indoor activities, and during lunchtime.

A discussion took place between the administrator and the Quality Assurance Monitor regarding the roles and responsibilities of an inclusion support worker. The Quality Assurance Monitor reminded the administrator that inclusion support workers do not count toward the child-to-staff ratio and should never be left alone with children at any time.
