Order for Compliance	Regulation	Date to be corrected	Date corrected
32(1) An operator of a licensed facility shall provide indoor play area materials and equipment that are (a) varied and in sufficient quantity for the number and ages of the children receiving services at the licensed facility.	32(1)(a)	Mar 18, 2024	
Comments: Open-ended materials are to be available for the number of children present and to reflect the curriculum areas.			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Mar 15, 2024	
Comments: Medication is to be in a separate locked space inaccessible to children.			
44 An operator of a licensed facility shall have a first aid kit that is equipped with the contents prescribed by New Brunswick Regulation 2004-130 under the Occupational Health and Safety Act as a first aid kit that is not a personal, Type P first aid kit, and a telephone in working order (c) on each outing.	44(c)	Mar 18, 2024	
Comments: First aid kit and telephone to be taken on walks or outings.			

<p><b>General Comments</b></p> <p>Only two children in attendance today, engaged in free play. Resources are available within the main play space. There were blocks, balls, a basketball net, a sit on giraffe, and two baskets with some various toys and a book. I suggested revisiting the curriculum areas and putting out resources for the number of children so they are able to choose independently. Snack time was provided afterwards and then diaper changes. The children were taken for a walk to the park today and some play time. The operator followed the children's lead and noticed when they were growing tired. When arriving back at the home, children had their lunch.</p> <p>The operator and I had a discussion about the documentation of children's learning and how the curriculum documents can support this. The operator would value support from the curriculum team.</p>
