Order for Compliance	Regulation	Date to be corrected	Date corrected
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Oct 16, 2024	Oct 16, 2024
Comments: Deficiency is now compliant While conducting the license renewal inspection licensing staff noted a bottle of concentrated quat in a cabinet in the bathroom and was not secure by a lock and key. Please ensure that all cleaning supplies are stored in a closet or cabinet that is locked with a lock and key. When this was brought to the attention of the operator, the operator moved the bottle of quat to another cabinet that is inaccessible to the children.			

<p>General Comments</p> <p>Licensing staff arrived at the licensed Early Learning and Childcare Home when the children were finishing up their morning snack.</p> <p>After the children washed up from their snack, they got ready to go on their morning walk to the local park and wooded area. This morning the children played in the wooded area. The operator brought a wagon full of play materials for the children to engage with on their outing.</p> <p>While playing in the wooded area, the children played with natural materials such as: sticks, pinecones, pine needles, fallen leaves, stumps and fallen trees.</p> <p>The operator was observed using positive child guidance techniques with the children and encouraged the children to problem solve on their own and stepped in when needed.</p> <p>All files were complete with all required documentation and were very organized.</p>
