39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (b) medications.	39(2)(b)	Jan 29, 2026	Jan 29, 2026
Comments: The inspector observed that the medication cabinet lock was not engaged. The operator promptly secured the cabinet by activating the access code on the doors where medications are stored. Deficiency is now compliant			

General Comments

Inspector are onsite to complete the renewal inspection and observe, during the morning, children building a parking garage using large wooden blocks while the educator guides them in their project. The inspector also observes a large box decorated with paintings and drawings; one child explains that it is a boat they created.

Children are also engaged in art activities involving cutting paper, with the educator assisting them as they encounter challenges. Positive interactions between the operator and the children are observed throughout the renewal inspection.

Handwashing was observed before the children gathered around the table for lunchtime.

The ratio was respected during the renewal inspection.
