General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this afternoon including sensory opportunities, building, dramatic play and outdoor play. The children in Room #3 were exploring the sand table and building with wooden train tracks and blocks. The children in Room #4 were celebrating a birthday with a family.

Purposeful planning is evident through documentation, invitations and materials added to the environments to support the children's current interests (food, Spring, vehicles, farm, weather, and bugs). Photos of the children are displayed throughout the childcare site.

The outdoor play area is set-up with a variety of materials for the children to explore loose parts and engage in gross motor play.

Pizza and milk were served for lunch. Grapes and Goldfish crackers were served for afternoon snack. Handwashing routines were observed after outdoor play, during washroom routines and before mealtimes. Monthly fire drills are documented.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

New staff file (1) review was completed; all required documents are in place.

Incident logs are complete and signed by parent/guardians.

Facility is currently meeting the 50% trained Early Childhood Educators (4/4) requirement.
