General Comments
<p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of outdoor play activities this morning including sand play, pushing and pulling wheeled vehicles, climbing and sliding. A new sandbox with a roof has been added to the outdoor play area. Educators have added real life (spoons, spatulas, colanders, pots, muffin tins, etc.) items to the sandbox for the children to explore freely. The outdoor play area has adequate amounts of shade from the trees and the covered porch. Recommend adding art materials and books to the outdoor play area.</p> <p>The indoor play area is organized and appears well-maintained. A variety of materials are accessible on low open shelving for the children to explore freely. Documentation is displayed throughout the environments that supports the children's current learning experiences. Each child's portfolio is filled with learning stories, art pieces and other documentation.</p> <p>The children's personal belongings (diapers, wipes, creams, soothers, etc.) are stored separately and labelled with each child's name.</p> <p>Monthly fire drills were observed to be documented.</p> <p>New staff file (2) review was completed; all required documents are in place.</p>
