Comments: Deficiency is now compliant			

<b>General Comments</b>
<p>Pictures of the repairs to the Front Fire escape were received on December 23, 2024. It was decided by licensing staff and the manager that an onsite visit would be conducted to have a better understanding of the repairs that were completed.</p> <p>There are protruding screws underneath the fire escape but are they not in the reach of the children. It was visible to licensing staff that there is rotting wood, but it has been secured with pieces of new wood.</p> <p>It is to licensing staff's understanding that the Fire escape was fixed by a licensed contractor who deemed the stairwells both in the front and in the back of the building as safe to use.</p> <p>Licensing staff was advised that it is the intention of the Operator to have both of the stairwells from the upstairs replaced in the Spring and Summer of 2025.</p> <p>I can now recommend facility for licensing.</p>
