Order for Compliance	Regulation	Date to be corrected	Date corrected
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (b) medications.	39(2)(b)	Nov 12, 2025	Nov 12, 2025
Comments: During the monitoring inspection, the Quality Assurance Monitor observed a bottle of children's Tylenol in a child's backpack that was within the children's reach. Medications must be locked and inaccessible to children. The Quality Assurance Monitor had a conversation with the operator regarding children's Tylenol being locked. The operator immediately locked the children's Tylenol. Deficiency is now compliant.			

General Comments
The Quality Assurance Monitor is on site for a monitoring inspection in the morning. The ratio was respected during the inspection. The Quality Assurance Monitor verified the following elements: - Staff members records - Qualifications and training - Checks - Administrative records maintained on site - Medication records - Medication - Health The Quality Assurance Monitor had a discussion with the operator regarding designation requirements. The administrator confirmed that the Quality Improvement Plan is current, and the operator is actively completing their required 10 hours of professional learning per renewal year. The Quality Assurance Monitor observed the children playing in the indoor play area. The children were observed playing with cardboard boxes that were recycled. The Quality Assurance Monitor also observed the children transitioning to the outdoor play area. Positive interactions were observed between the operator and the children.
