Address 1416 605 Route Millville NB E6E 1X6		Telephone Number (506) 478-3915
Type of Facility Early Learning and Child Care Home	Maximum Number of Children 6	Ages of Children INFANTS PRESCHOOL SCHOOL-AGE
ELCC Licensing Staff Angela Tozer	Position Title Quality Assurance Monitor	

Order for Compliance	Regulation	Date to be corrected	Date corrected
31(3) An operator shall maintain the outdoor play area of a licensed facility to ensure the safety of the children.	31(3)	Sep 25, 2026	Sep 23, 2026
Comments: Deficiency is now compliant. Cement stones located beside patio possibility creating a tripping hazard. Building materials were stored behind home and playground in need of a clean-up removing unsafe materials and animal waste.			

General Comments
The operator and children were playing inside when licensing staff arrived. Children were encouraged to clean up with the operator joining in to prepare for outside. Children got their outdoor clothes and shoes on with help from the operator. Children proceeded to the outdoor play area with the educator. The children played throughout the outdoor area. Children dug in the sandbox and ground. The operator helped children problem solve when one wanted another's toy and offering additional resources, having enough shovels for each child. A new play structure was located in the back of the play area which the operator has bought for her own children and is not used by the childcare children. The operator has plans to lay protective surfacing and possibly add to her licence later on once approved by licensing. A recommendation was made to the operator to conduct a clean-up of the outdoor area ensuring building materials, any broken resources, and animal waste are cleaned up. Some more sand is needed in the sand box and possibly more organization of materials to engage children in play. One child brought their lunch box outside and requested snacks be opened to eat. Having some wipes outside can ensure children's hands are cleaned before eating and children should be encouraged to sit and finish eating before returning to play. Children immediately went to the washroom when they returned inside for lunch to wash their hands. The operator helped each child into a chair, rearranging one booster seat for a child and heated up lunches. Children all sat at the table while the operator fed her own child. Children were rubbing their eyes as they ate signaling the approaching naptime. The operator has a new dog that was located in a bedroom and has completed all required immunizations.
