General Comments

The Quality Assurance Monitor is on site for the renewal inspection.

The Quality Assurance Monitor is present during lunch and indoor play. The Quality Assurance Monitor observed the staff members engaging with the children during circle time by reading books, asking questions, and attentively listening to the children.

During the renewal inspection, the Quality Assurance Monitor observed that the paper copy of the insurance documents in the bus had expired as of June 21, 2025. The Quality Assurance Monitor also observed that the annual inspection of the van had expired since May 2025, and that the registration and insurance documents were missing. The operator must ensure compliance with the Motor Vehicle Act and the regulations under the Act. The Quality Assurance Monitor was able to verify the new insurance documents electronically, the operator must ensure that a paper copy is kept in the bus and the van when transporting children.

During the renewal inspection, the Quality Assurance Monitor observed expired medication stored in the locked medication box. The Quality Assurance Monitor had a discussion with a staff member that all expired medication should be returned to the parents, and that new medication should be requested if needed.

The ratio is respected during the visit.
