<p>General Comments</p> <p>Visit to facility to complete renewal inspection. Ratio was respected during the visit.</p> <p>Upon arrival, school aged children were playing in the school gym. They returned to their room soon after and played in free play.</p> <p>A discussion was held with the educators regarding planning. Daily activities in the licensed facility are expected to be purposely planned and documented, and they should reflect each child's abilities, needs, and interests. Having a written plan helps make sure that children are given opportunities to learn and explore. This plan can take different forms, such as a weekly schedule or daily activity sheets.</p> <p>Facility meets requirements under the Act and regulations; licence will be recommended.</p>
