General Comments -Late afternoon's visit to the establishment for an unexpected monitoring inspection -Ratio was respected during the visit -The administrator and staff have a valid first aid certificate -During the visit, discussions were held with the educational staff regarding the recent changes to the implementation of Policy 902, which limits screen time to 30 minutes per day for children. The new policy is not an issue for the staff, screen was not part of their daily practice. -Weekly activity planning is carried out in collaboration with the children. -Toxic products, and cleaning supplies are locked under key and are inaccessible to children -Each child has an easily accessible space to store their personal belongings, which is labeled with their name and used only for the intended child. -In the outdoor play area provides to the children a safe play area, they have more than one type of surfacing to play and explore, the material offered is varied and in sufficient quantity for children present -Hot beverages are in spill proof container -Medicine that are kept on site is under key in a cabinet or stored safely out of reach. Observations: When arriving at the afterschool program children ate their snack, they draw or colored and then got ready to go to watch a soccer game played in the field next to the school.
