General Comments
<p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of activities this morning including puzzles, stories, block building, and outdoor play. Each environment is set-up with a variety of materials for the children to explore freely.</p> <p>Purposeful planning is evident through documentation displayed throughout the environments. Photos, open ended art pieces, learning stories and webs support the children's ongoing interests and learning.</p> <p>QA Monitor discussed nap ratios in the Infant Room (0-14 months) with administrator. Ratio must not be reduced during nap time for Infants under 15 months. See section 8.1.4 Supervision of the Operator's Manual for more information.</p> <p>During inspection it was noted that children were leaving their shoes in the stairwell to the outdoor play area. QA Monitor discussed that this is a fire exit and must be kept clear at all times. Administrator removed shoes from stairwell right away.</p> <p>New staff file (6) review was completed.</p> <p>Handwashing was observed during washroom routines.</p>
