General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this afternoon including board games, drawing with chalk, and exploring the train set. Educators set up the front porch area with invitations for the children to explore. The children spent the afternoon outside as the weather was warm and sunny.

Purposeful planning is evident through documentation, invitations and materials added to the environments to support the children's current interests (nature, bugs, plants, and camping). The children have collected branches from the forest and put them in a jar, added clay flowers and hung their photos from it.

A picnic snack of crackers and cheese was served at the tables on the porch.
Handwashing routines were observed at arrival and before snack.
Monthly fire drills are documented.
Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.
New staff file (1) review was completed; all required documents are in place.
