### General Comments

A Monitoring Inspection was completed this afternoon.

Children from all 3 of the school aged licenses were observed during outside play. Educator informed QAM that at the end of the school day, the 30 public school children and the Origins Academy children are all brought together and split into groups of 15. These groups were observed in their designated play areas. There was confusion today, when trying to figure out what group of children / educators, were with what license. A follow up inspection to be completed and discussions to be had regarding groupings and school aged licenses.
