General Comments Upon arrival at the after-school program for the annual renewal inspection, the children were engaged in free play on the school's playground. Available materials included tennis balls, soccer balls, footballs, shovels, frisbees, and various throwing games. Children were observed playing on the playground structures, playing tennis with educators, and using the monkey bars. A first aid kit was readily available outdoors, and all children were wearing green pinnies for easy identification. As the school gymnasium was being prepared for the school graduation ceremony, the program remained outdoors for the duration of the afternoon. Child and staff files were reviewed and found to be in compliance with regulations. Monthly fire drills are being conducted. Licensing staff recommends the program for renewal.
